Work Experience

May 2025–Current

Walmart Stocking 2 Associate
Associate · Michigan City
- Assisted customers while keeping interactions friendly and approachable.
- Collaborated with team members to ensure work was finished properly and on time.

Degrees

2026 **Computer Science And Computational Mathematics**
B.S. · Purdue University Northwest

Programming

- html, css
- python
- R
- javascript

Projects

2026 **Portfolio Website**
Python, HTML, CSS · Personal Project
Built a portfolio website to showcase projects and skills. Used FastAPI for backend and responsive design for UI through Next.js. Hosted through Vercel and Render.

2025 **Emergence Of Consensus Research**
R, Python · Academic Project
Developed a state-dependent delay model to simulate flocking based on the pre-existing Cucker-Smale model. Used Matlab and Python to run simulations and compare original, constant delay, and state-dependent delayed models.

Certificates & Grants

2025 UGRP Grant
